5/4/71: Got some new docs re assass tape. Say man who allegedly made it was' at Trade Mart at time and rushed to plaza. Not convinced this is true. Other fishy things--like why did he have to make a fake tape 6 days later, 5 dys after he was fired? Have asked for more stuff, which they may not have. This guy is twice quoted as saying not all of his tape on the record is contemporaneous. Always avoid saying what isn't and what was faked. No word from you yet on when to come down. Will try calling next week. Or if you prefer call here collect. If I'm not in, discuss with my folks. I'm free from 5/15 on so any arrangements you make with them after and incl 5/15 fine w me. I'll tell them. Or you can tell them to tell when I should call you.
